Our balloons will bring smiles to every member of your congregation

**We know. Your events are important.**

**Looking for a team for your Church events?**

*You just found one*

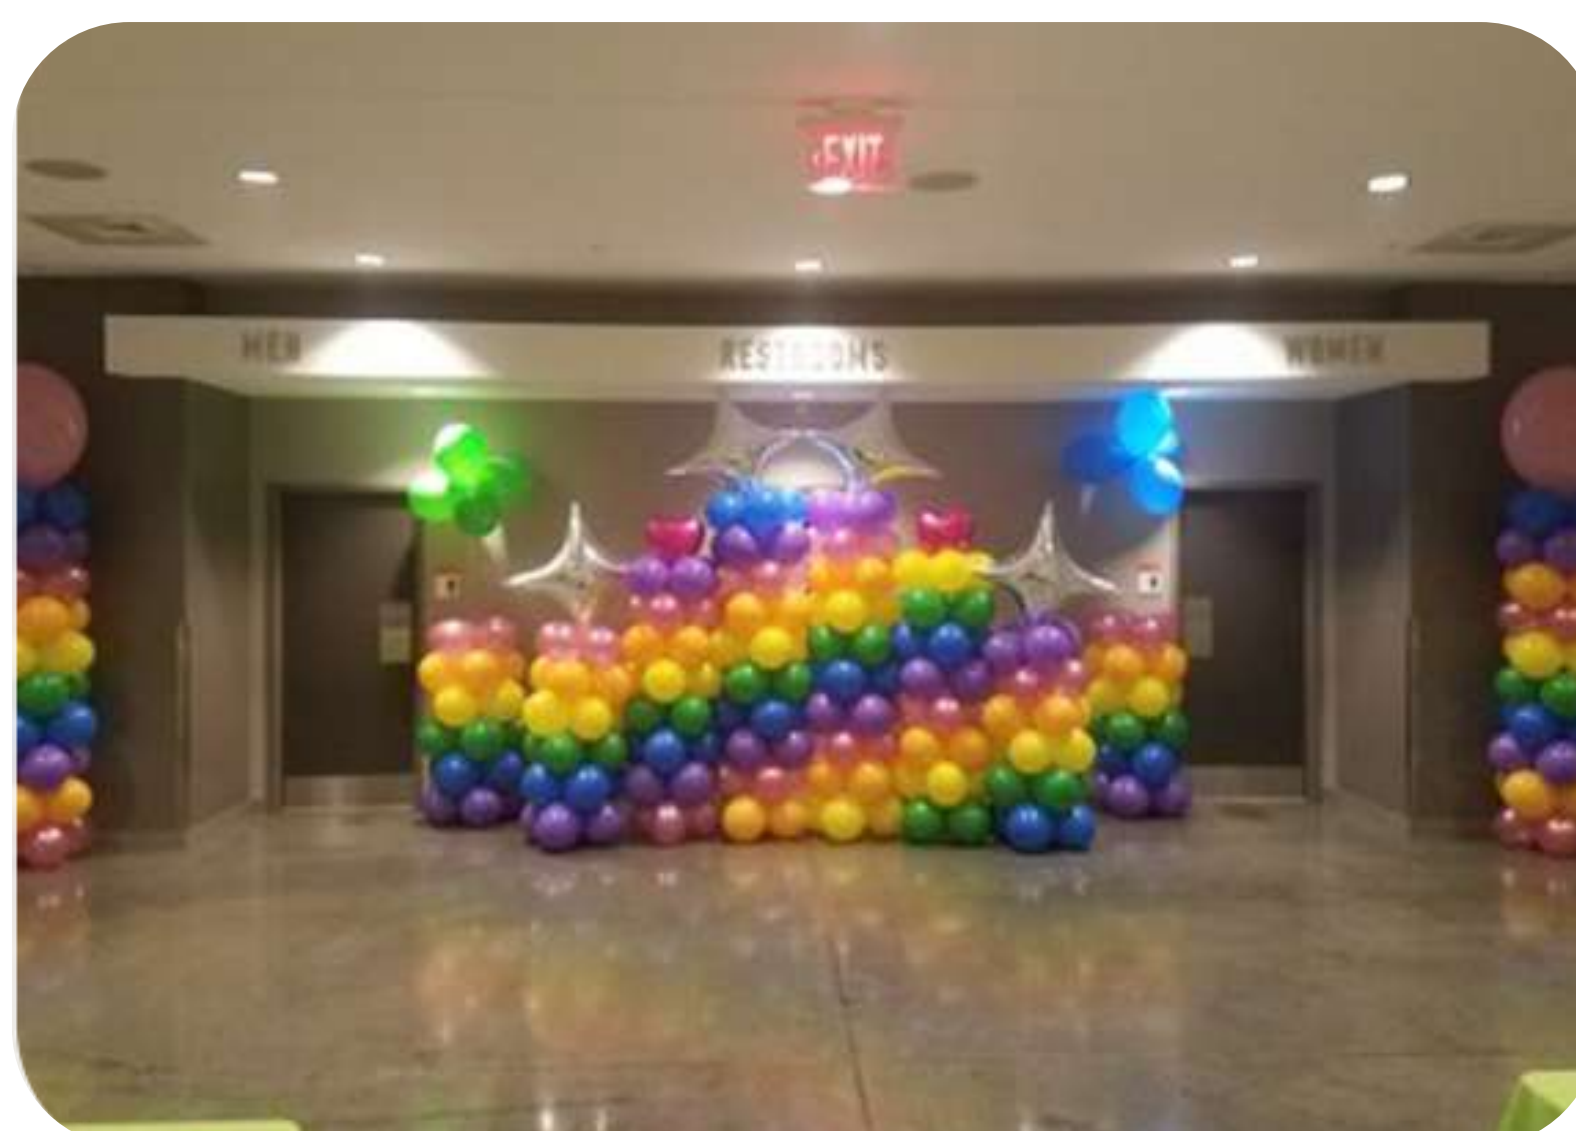

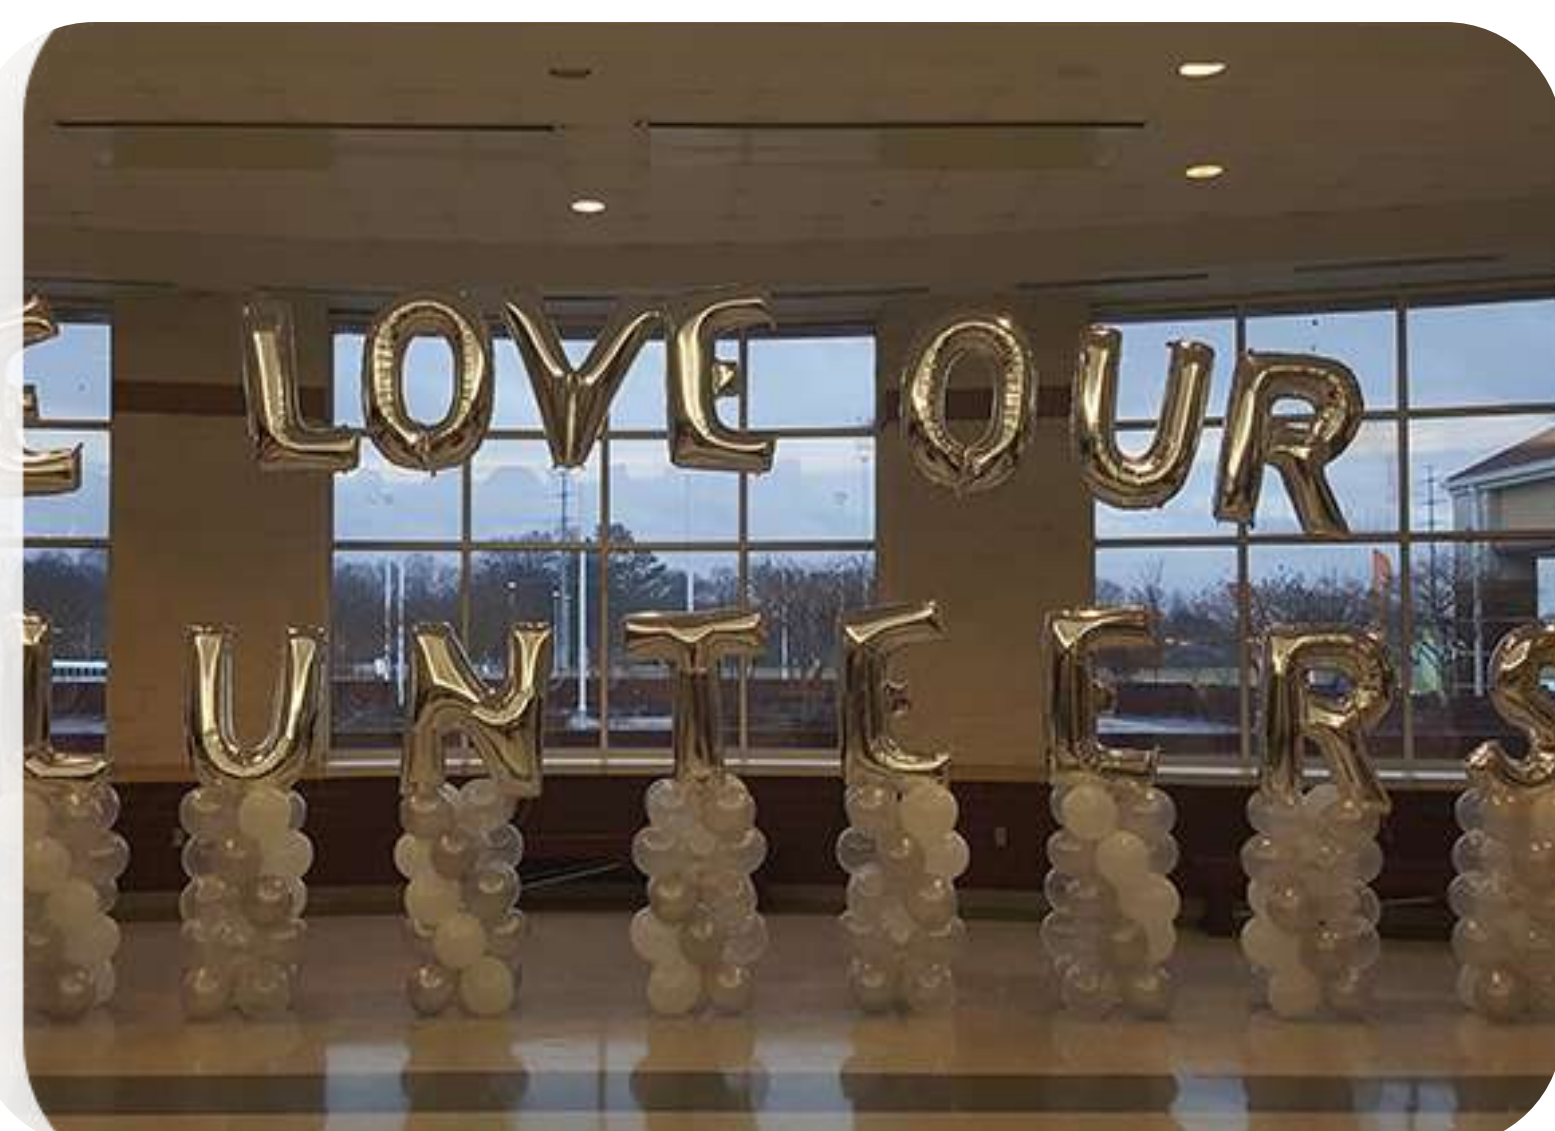

Carolina Balloons is the type of family businesses that churches love to work with. Our clients become our friends and we encourage each other through every life journey and event. But when it comes to “balloon-decor money-time” we show up to create a perfect installation like the most consistent member of Church-Sunday.

We are meticulous on color matching and being on point with your branding. We add color to any Church event to create lasting memories for all your members.

# IMPACT

*"From the first time working with Carolina Balloon and Decor over 10 years ago, I knew we had a team that was dedicated to his craft and we've never once been disappointed. They are my "balloon guys" and I'd never consider going anywhere else for the needs of our huge New Year's Eve celebrations. When you have over 12000 people ready to party...well, you wanna make sure everything goes according to plan. Kris and his team at Carolina Balloon and Confetti will take your event to new heights and bring ideas to the table you may not have considered. They'll help make it memorable for everyone involved."*

**WAKE FOREST**  
UNIVERSITY

*"We love using Carolina Balloon and Confetti for our events at Wake Forest - their team is reliable, friendly, and efficient. Even amidst COVID-19 hurdles, they were flexible and patient and never compromised our experience. We're grateful for their partnership and definitely have our go-to source for any of our upcoming decoration needs!"*

**Corey Tanner, Wake Forest University Athletics**

Founded by Kris Blankenship, Carolina Balloons, in 1986.  
We were always passionate about bigger events.  
Transforming empty huge halls into colorful spaces that  
feels exciting and makes everyone feel this day is special.

**Having us as your Balloon Decor supplier in your  
events means you don't have to do ANYTHING  
decor-wise anymore. We handle it end to end, floor  
to ceiling.**

# FOUR GREAT BALLOON DECOR SOLUTIONS

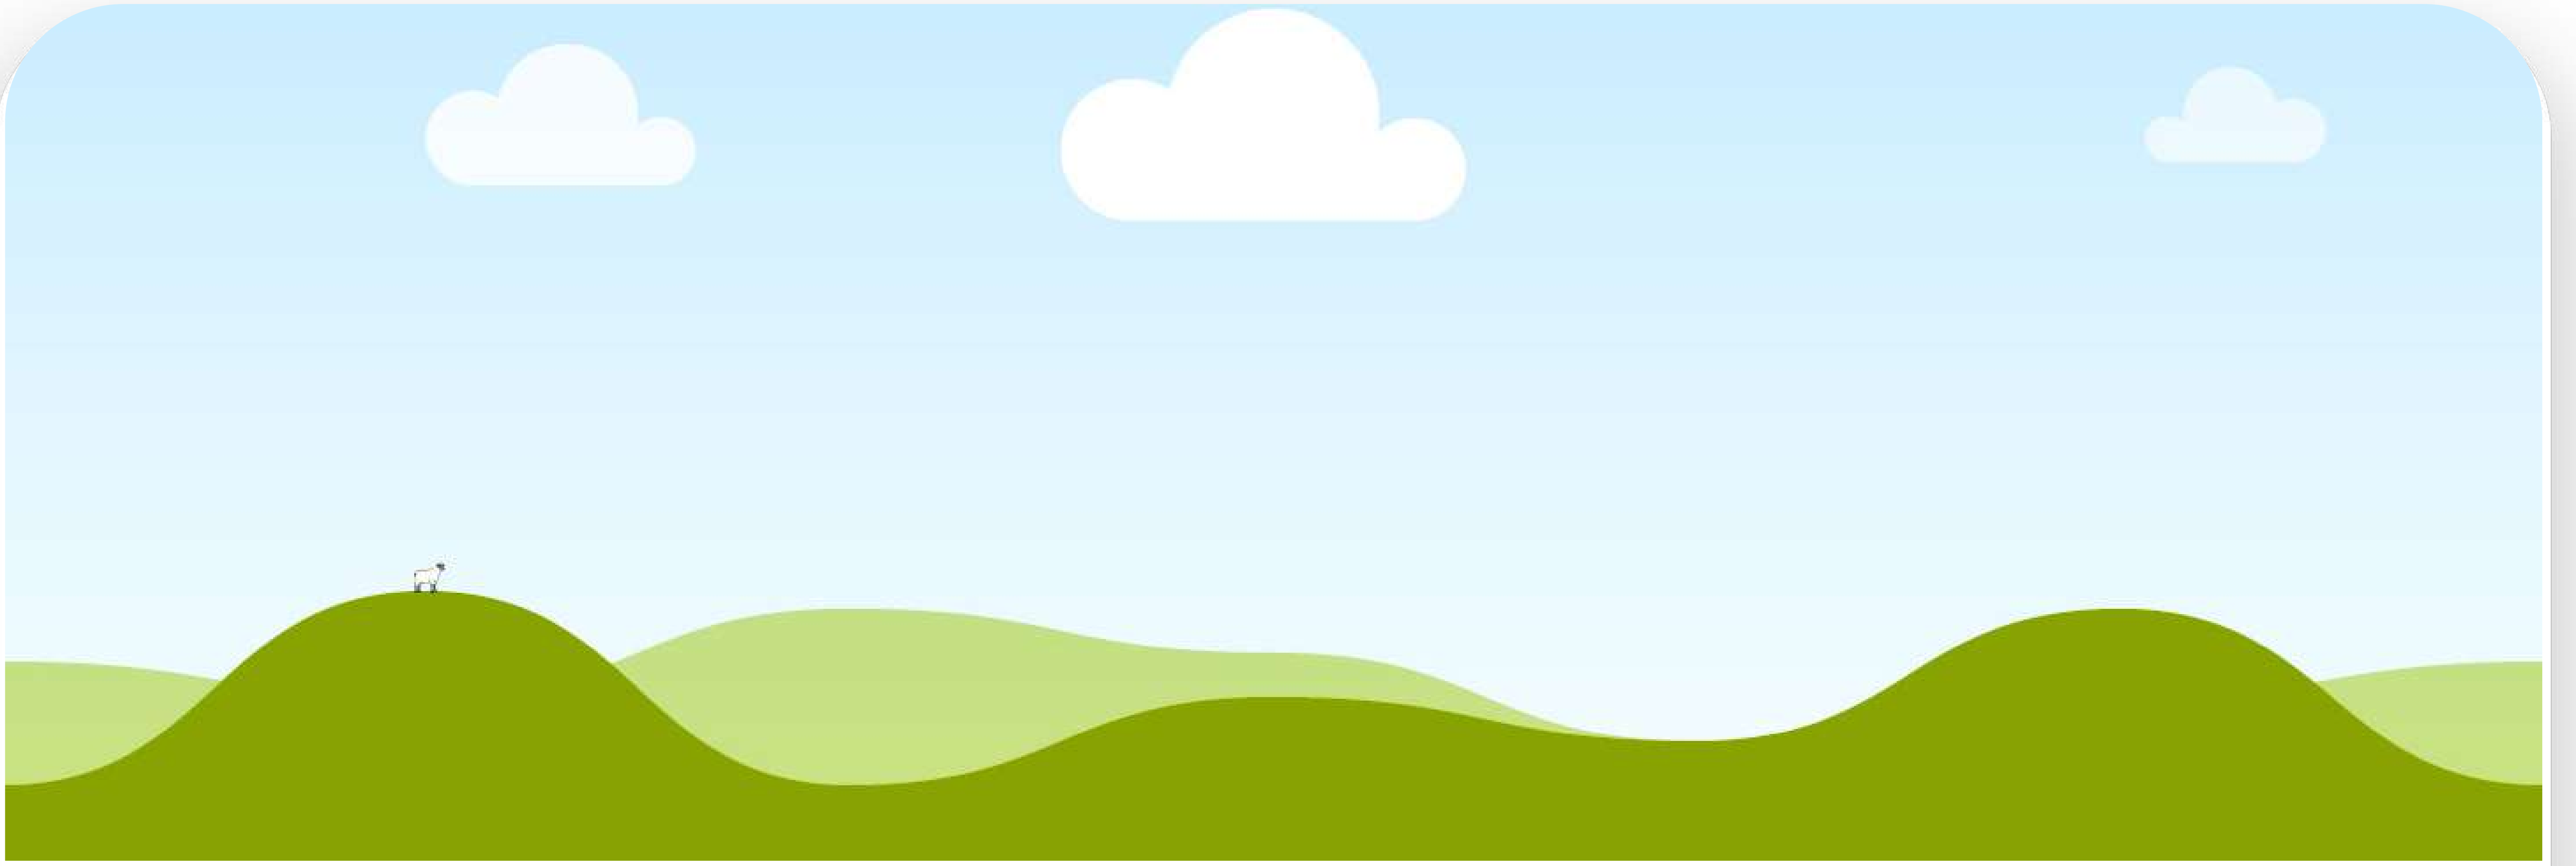

**That elevates the entire look of any event**

And get all the members feel excitement towards a  
meaningful day

## Special Events

We take care to bring your theme and your branding to life with our decor. Transforming the hall and the entire space of your Church is something that creates an immediate visual impact. Your members or your staff have been there just a day before and it looks so different. When they see the change, they will breathe in the excitement of the event and cherish it.

## Anniversary

Starting a church is a big deal, and each year should be celebrated as such. Your members get excited to attend your Anniversary event and when the place looks on point, classy and on brand, it sends everyone a visual queue that you are here for everyone, and are willing to invest in spreading joy and happiness. And of course we will also include balloons that are shaped as the number of years you humbly served the congregation.

## Great Photo Ops

We use an array of options to help people take pictures and spread the word about your events. Balloon columns, backdrops and frames are all very popular and people appreciate the aesthetics that match your brand and are professional looking and joyous.

We even use organic arches and demi-arches to diversify and surprise people in big and small halls. A great add on to any event at your church.

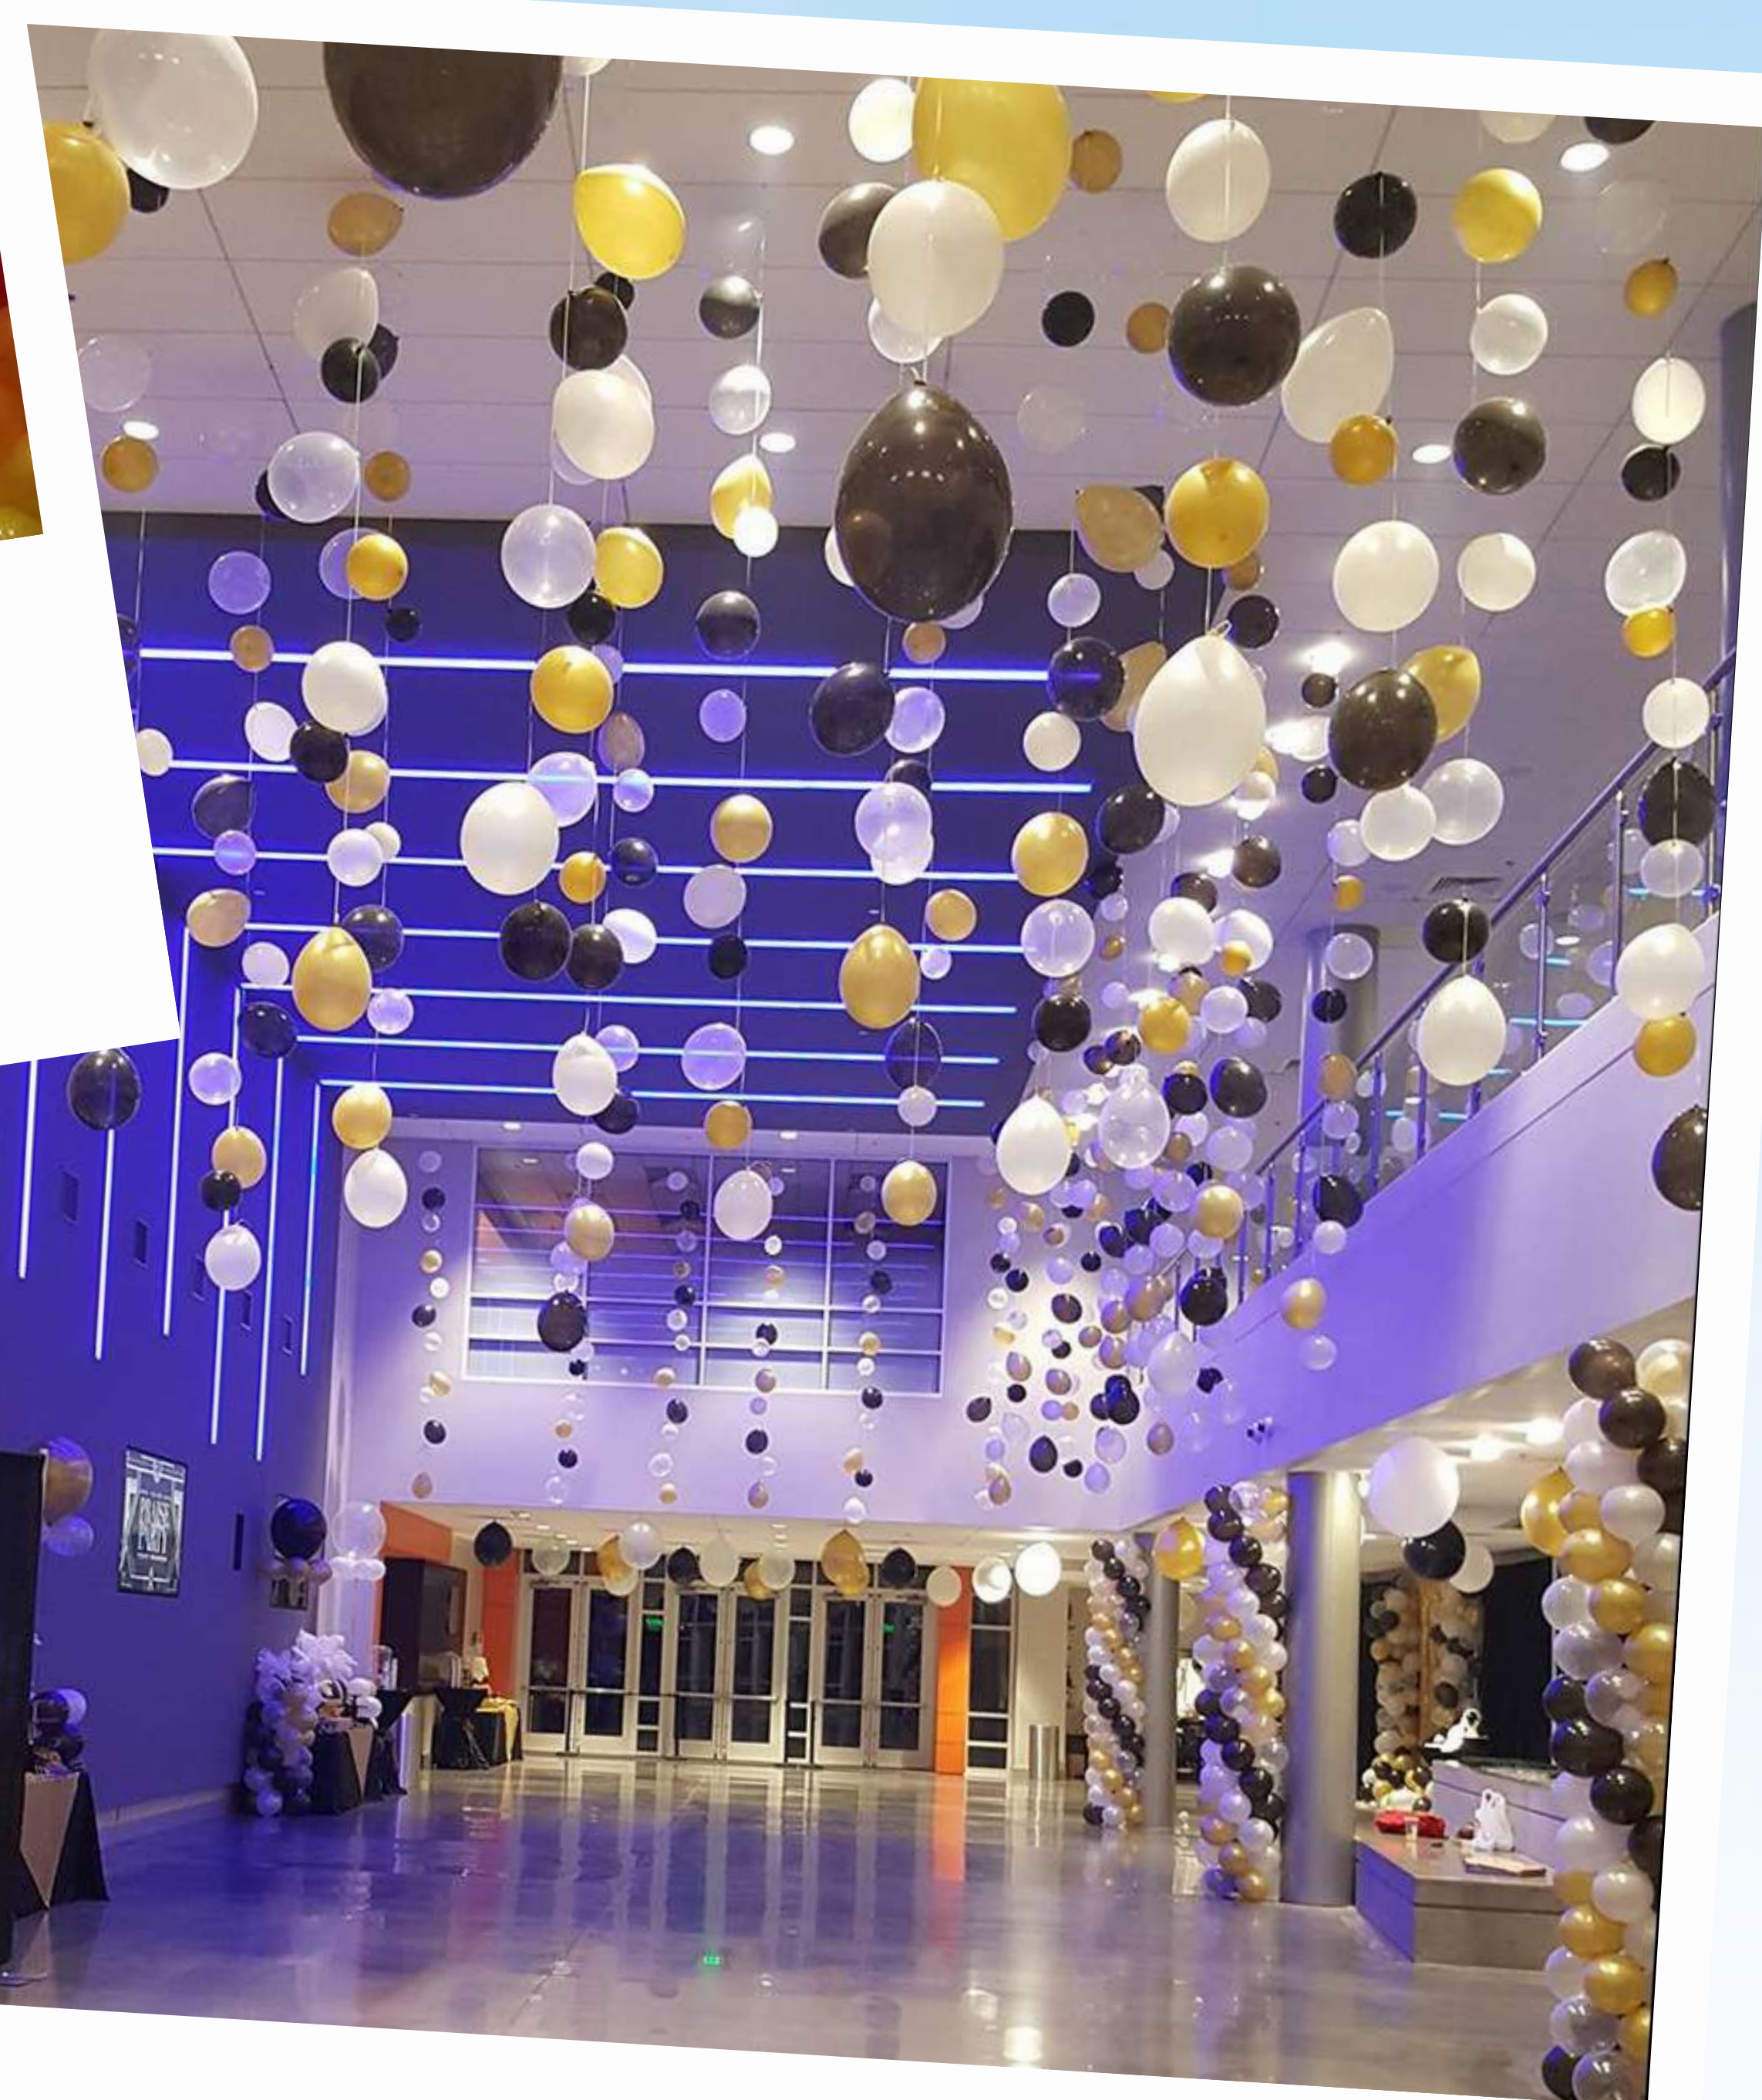

# Baptism

Baptism events are a HUGE deal and for a good reason too. That's why we get extra excited to make them visually impactful. We love to join in the celebration of your members first big showing of their decision to follow Christ.

*"Carolina balloons is first and foremost, a family business. My dad founded the company over 30 years ago. As a born and raised Christian it's been a part of my life to spend time in Churches. I love it!"*
