

# CAROLINA BALLOONS & CONFETTI

Serving Festivals, Fairs and Town Events  
with Balloon Decor Since 1990

## Your Festival, our balloons

Huge events like yours require thousands  
of decisions. But hey...

*You just found a  
winning decor team!*

Carolina Balloons is the type of family business that Festivals love to work with. Our clients become our friends and we encourage each other through every life journey and event. But when it comes to “balloon-decor money-time” we show up to create a perfect installation.

We are meticulous on color matching and being on point with your branding. We add color to any Festival event to create lasting memories for all your visitors.

*When we are hosting hundreds of visitors, we decorate our events with Carolina Balloons,”*

# IMPACT

# What People Say About Us:

---

*"From the first time working with Carolina Balloon and Decor over 10 years ago, I knew we had a team that was dedicated to his craft and we've never once been disappointed. They are my "balloon guys" and I'd never consider going anywhere else for the needs of our huge New Year's Eve celebrations. When you have over 12000 people ready to party...well, you wanna make sure everything goes according to plan. Kris and his team at Carolina Balloon and Confetti will take your event to new heights and bring ideas to the table you may not have considered. They'll help make it memorable for everyone involved."*

**Pete Schroth, The Avett Brothers**

---

**WAKE FOREST**  
UNIVERSITY

*"We love using Carolina Balloon and Confetti for our events at Wake Forest - their team is reliable, friendly, and efficient. Even amidst COVID-19 hurdles, they were flexible and patient and never compromised our experience. We're grateful for their partnership and definitely have our go-to source for any of our upcoming decoration needs!"*

# FOUR GREAT BALLOON DECOR SOLUTIONS

**That adds festivity to the entire look of any event**

And get all the people to take pictures of your fun event!

**Huge Arches**

**Stage Decor**

**Special Attraction  
Decor**

**Photo Area**

## HUGE ARCHES

When it comes to making a whole street or even a few of them look colorful, there is nothing like Carolina Balloon's huge arches. We have thirty years of experience in creating a safe installation that is clean and spirit-lifting. We also make sure we create a solution that fits the weather in your event and can tailor it to a wide range of needs. From all the way through "Add Our Colors" and even Match Our Theme. "Add this color"

## STAGE DECOR

Balloons work great on stages as they create an out-of-this-world feel, that is one of a kind - like your event! There is never an event that has a stage portion in which people do not take pictures of the stage. To get ready for making those pictures extra fun and colorful we add columns, balloon walls, and customized elements for you.

That way we can ensure that the main event at your festival does not go unnoticed.

## Special Attraction Decor

We get extra excited to make your special attractions visually impactful.

Got some special section of the event that you think it's a "killer feature"?

Beer area, Wine tasting section, BBQ cookoff area, Biggest pickle contest? You name it, we got you! With any area you wanna draw a large crowd or attention to, our balloons can help you with that.

## Photo Area

We use an array of options to help people take pictures and spread the word about your events. Balloon columns, backdrops, and frames are all very popular and people appreciate the aesthetics that match your brand or the relevant holiday. A great add-on to any section at your Festival.

**This is a great way to incorporate your sponsors!**  
**We can add the sponsor logo on any balloon wall. What a great way to show how important your sponsors are for the success of the event.**

*"Carolina balloons is first and foremost, a family business. My dad founded the company over 30 years ago. Festivals have been a part of our business since the beginning. We got to work with some of North Carolina's finest festivals and we love it!"*
