

CAROLINA BALLOONS & CONFETTI

**Serving the Sports Industry
Since 1990**

No event is too big,
No venue is too large

Looking for a Mega team for a Mega event?

You just found one

Carolina Balloons is the type of family businesses that other businesses love to get back to. Our clients know our kids' names, and we know there's. But when it comes to "balloon-decor money-time" we fight for the perfect execution like the most ambitious athlete in the room.

Nothing but 10, 10, 10.

We are fanatic on color matching. We excel in end to end execution that doesn't leave a part of the hall untouched. We add color to any sporting event so that the memories of everyone involved would always spot on.

"When we are hosting thousands of visitors from across the nation, we decorate the Coliseum with Carolina Balloons,"

Matt Brown, Greensboro Coliseum Complex

We understand the complexity of running a big Church event. Your schedule is always adhered to and respected.

But don't take our word for it. Check out what else Matt said about us:

"Carolina Balloon and Confetti has done an outstanding job for us decorating events including ACC and NCAA basketball tournaments and U.S. Figure Skating Championships. They are a key member of our 'Tournament Town' team, always helping to make sure Greensboro and the coliseum complex look its best."

Matt Brown, Greensboro Coliseum Complex

A-TEAM

FUN

"From the first time working with Carolina Balloon and Decor over 10 years ago, I knew we had a team that was dedicated to his craft and we've never once been disappointed. They are my "balloon guys" and I'd never consider going anywhere else for the needs of our huge New Year's Eve celebrations. When you have over 12000 people ready to party...well, you wanna make sure everything goes according to plan. Kris and his team at Carolina Balloon and Confetti will take your event to new heights and bring ideas to the table you may not have considered. They'll help make it memorable for everyone involved."

Pete Schroth, The Avett Brothers

WAKE FOREST
UNIVERSITY

"We love using Carolina Balloon and Confetti for our events at Wake Forest - their team is reliable, friendly, and efficient. Even amidst COVID-19 hurdles, they were flexible and patient and never compromised our experience. We're grateful for their partnership and definitely have our go-to source for any of our upcoming decoration needs!"

Corey Tanner, Wake Forest University Athletics

Founded by Kris Blankenship, Carolina Balloons, in 1986.
We were always passionate about bigger events.
Transforming empty huge halls into colorful spaces that
feels exciting and makes everyone feel this day is special

**Having us as your Balloon Decor supplier in your
events means you don't have to do ANYTHING decor-
wise anymore. We handle it end to end, floor to
ceiling.**

THREEGREAT

BALLOON DECOR SOLUTIONS

That changes the entire look of any arena

And get all the fans, competitors and their families psyched
about a big important day

The Main Hall

Our goal with decorating the arena's Main Halls for sporting events is to show the competitors that this entire event is for them. We want them to feel important on such a big day while also involving their fans and family in the excitement.

This day matters and everyone will notice something special is going on. Our expertise and unique solution includes ceiling treatment. We are always super mindful of safety and viewing angles so that everyone will be able to enjoy the main event - the competition.

And as always, you can expect full color customization from balloon decor, making this an efficient and cost effective solution that is also eco friendly and biodegradable.

The Awards Area

The winners of each competition deserve winning pictures. The competitors worked so hard to get to this moment. Let's honor their investment into this sport and their achievement by allowing them to capture the moment with a picture that actually looks great. We decorate this area with a combination of balloon columns, balloon walls or even the latest craze in the balloon world - balloon organics.

Photo Area

Fans, families and athletes will looooooove the photo area, after we put our spin on it. We make sure that they know this place is for taking pictures together. When you see the color and vibe that our photo frames, photo backgrounds and photo area decor creates, you will want to take a picture too! And by making it fun and energetic, we help people feel good, even if they didn't win first place in the competition. After all, sport is not just about winning, it's also about participating and challenging yourself to grow

Amazing Entrance

Growing up in sports and balloons has taught me so much about planning the perfect decor for huge arenas and sporting events. We love the competition with ourselves to always improve and learn new techniques. We also understand how important this day is for each fan, competitor, and event planners.
